

Technology Solutions for Supply Chain

Opportunity

A specialty metals company with over \$4B in annual sales had fragmented spend across 15 different ERP platforms. Having grown through various acquisitions, their strategic sourcing group was unable to see across inventories nor could they effectively leverage supplier spend categories.

Solutions

Wesco Integrated Supply implemented staffing and e-crib solutions to help the company realize process improvements in the form of reduced PO and invoice generation, increased inventory visibility, and significant labor savings from improved storeroom management.

Streamline Your Supply Chain Processes

You can rely on Wesco Integrated Supply's specialized teams to pool their expertise and solve your most important challenges. Our unique skills and experience enable us to build creative, impactful solutions that streamline the indirect supply chain process, eliminate waste and increase cost savings onsite.

- Improve sourcing management
- Eliminate system investments
- Optimize inventory
- Lower labor and materials costs
- Productivity improvement

Savings Summary

Process improvement

- Three year PO reduction of 65% and invoice reduction of 67%

Inventory visibility

- Increased consigned inventory value >4x across the program

Labor savings

- Significant monetary savings from reallocating specialized labor from storeroom management

Ingenuity delivered.
